Minister's Message

On behalf of Fisheries and Oceans Canada (DFO) and the Canadian Coast Guard (Coast Guard), I am pleased to present the 2017 to 2018 Fees Report.

On June 22, 2017, the [Service Fees Act](#)ⁱ received royal assent, thereby repealing the [User Fees Act](#)ⁱⁱ.

The Service Fees Act introduces a modern legislative framework that enables cost-effective delivery of services and, through enhanced reporting to Parliament, improved transparency and oversight. The act provides for:

- a streamlined approach to consultation and the approval of new or modified fees
- a requirement for services to have service standards and reporting against these standards, along with a policy to remit fees to fee payers when standards are not met
- an automatic annual fee adjustment by the Consumer Price Index (CPI) to ensure that fees keep pace with inflation
- annual detailed reporting to Parliament in order to increase transparency

This 2017 to 2018 Fees Report is the first report to be prepared under the Service Fees Act. The report includes new information such as a detailed listing of all fees along with future year fee amounts. Additional fee information will be included starting next fiscal year, once DFO and the Coast Guard fully transition to the Service Fees Act regime.

I welcome the increased transparency and oversight that the Service Fees Act's reporting regime embodies, and I am fully committed to transitioning my department to this modern framework.

The Honourable Jonathan Wilkinson, P.C., M.P.
Minister of Fisheries, Oceans and the Canadian Coast Guard

General Fees Information

The tables that follow provide information on each category of fees, including:

- the name of the fee category
- the date that the fee (or fee category) was introduced and last amended (if applicable)
- service standards
- performance results against these standards
- financial information regarding total costs, total revenues and remissions

In addition to the information presented by fee category, there is a summary of the financial information for all fees as well as a listing of fees under the department's authority. This listing includes the existing fee dollar amounts and the adjusted dollar fee amount for a future year.

General and Financial Information by Fee Category

Access to Information

General Information

Fee Category	Access to Information
Fee-setting Authority	Access to Information Act ⁱⁱⁱ , section 11
Year Introduced	1983
Year Last Amended	1992
Service Standard	Response provided within 30 days following receipt of request. The response time may be extended pursuant to section 9 of the Access to Information Act ^{iv} . Notice of extension to be sent within 30 days after receipt of request. Additional details can be found in the Access to Information Act.
Performance Results	During 2017-18, 99% of access requests were processed within the legislated timeframes.
Other Information	In 2016, the Treasury Board issued a directive clarifying that institutions are permitted to charge only the initial application fee of \$5. Fees for the search or production of records are to be waived. As a result, and in line with the Interim Directive on the Administration of the Access to Information Act, all fees, apart from the \$5 application fee, are waived by Fisheries and Oceans Canada.

* See footnote 1.

† See footnote 2.

¹ The amount includes direct and indirect costs, where such costs are identifiable and material.

² A remission is a partial or full return of a fee paid. Under the Service Fees Act departments are required to develop policies that determine when fees will be remitted to fee payers should service standards not be met. The requirement for departments to remit is anticipated to come into effect on March 31, 2020. This effective date allows departments time to develop remissions policies and adjust service standard tracking and remittance systems. During fiscal year 2017 to 2018, some departments may have issued remissions, in accordance with their authority of their enabling legislation or regulation, as opposed to the authority given by the Service Fees Act. It is remissions issued under enabling legislations or regulations that are shown above.

³ The reported amount for fees collected differs slightly when compared with the Department's annual report on the Access to Information Act 2017-18 due to the timing of the two separate reports and year-end adjustments.

⁴ In the supplementary information tables that accompanied the 2016-17 Departmental Results Report, this amount was broken down into Commercial Licensing Fee revenue and Recreational Licensing Fee revenue (\$32,013,001 and \$6,013,031, respectively).

⁵ This figure is taken from the best proxy measure currently available: 2017-18 actual spending for the Integrated Fisheries Management program. Please note that this figure understates the total cost as it does not include costs such as the contribution of DFO's science programs or Compliance and Enforcement program.

⁷ The most recent detailed cost study for Hydrography (Canadian Hydrographic Service) was completed in 2015. At that time, it was determined that the costs were 24% of total expenditures for the Hydrography program. As that percentage is estimated to have remained constant in all material respects in the succeeding years, the 2017 to 2018 cost figure was calculated by applying that percentage to the 2017 to 2018 actual spending for the Hydrography program.

* Fees are adjusted annually in one of two ways: (1) Under the Service Fees Act, fees are adjusted in each fiscal year by the percentage change over 12 months in the April All-Items Consumer Price Index for Canada, as published by Statistics Canada for the previous fiscal year. The Consumer Price Index rate for this report is 2.2%. (2) The fee is subject to a periodic adjustment at a predetermined rate, in accordance with another authority in legislation or regulation.

† The "Future fee amount and fiscal year" is the new amount of the fee, in a future fiscal year other than 2019 to 2020, adjusted by a predetermined rate, in accordance with the authority in legislation or regulation.
